EPSQ NEWSLETTER

Customers can now fax releases to DSS upon EPSQ submission!

Customers can now fax releases to DSS upon EPSQ submission! Doing so allows nearly "real-time" processing of releases and expedites availability to investigators. It also reduces the need for investigators to contact security officers for missing mailed releases and eliminated mail time and costs for our customers.

Attached to this email are the details and procedures to fax releases to DSS, as well as the coversheet necessary to do so. This information is also posted on the DSS website at <http://www.dss.mil/epsq/index.htm> for your convenience. This functionality will reap benefits now and will be evaluated for the DSS/OPM transition.
